Overall Increase to Total Budgeted Amount	
--	--

The **overall increase to the total budgeted amount must be \$1,000 or less** (cumulative for the Budget Year). Money may not be moved between Medicaid and NY State Funded services as a Cost Neutral Budget Amendment. A Full Budget Amendment is required to move \$ between the Medicaid and NY State funding sources or add more than \$1,000 during the Budget Year. Approval of a Full Budget Amendment will "reset" the \$1000 threshold for the remainder of the budget year.

Availability of Funds

Approval of Cost Neutral Budget Amendments is contingent on availability of funds. Cost Neutral Budget Amendments cannot be used to exceed PRA amount or annual caps for specific services (e.g., OTPS, FRR, IDGS and IDGS categories). The Self-Direction Participant and Support Broker should review expenditure reports and/or check with the Fiscal Intermediary to determine if funds are available.

Other Changes

Use the space below to describe cost neutral amendments to the Self-Direction Budget that are not reflected above. For example, changes to demographic, designee or provider agency information and specifics details of changes related to Self-Hired staff. Attach additional documentation if necessary.

The following applies only for Self-Direction Participants with a change in Housing Subsidy amounts:

If you think the decision for your housing subsidy is wrong or you do not understand this decision, you can ask for a dispute resolution meeting with staff at the OPWDD Developmental Disabilities Regional Office.

If this box is checked this Cost Neutral Budget Amendment will not be approved until the dispute resolution has concluded. To make amendments not related to the Housing Subsidy prior to conclusion of the dispute resolution, you may submit a separate Cost Neutral Budget Agreement without the Housing Subsidy changes.

Effective Dates

Cost Neutral Budget Amendments can be made effective retroactively as far back as the first of the month prior to the month that the DDRO Liaisons approves. For example, if the DDRO Liaisons approves the Cost Neutral Budget Amendment on July 24, the earliest it could be made effective would be June 1.
